## **INSTALLATION INSTRUCTIONS**

**PART NUMBER : 304**

### **WORX HULL EXTENSIONS SEADOO SP, SPI, SPX ,-97 XP**

**IMPORTANT :** READ ALL INSTRUCTIONS BEFORE PROCEEDING WITH INSTALLATION

Tools necessary for installation : Large star screwdriver  
1 x Tube of silicone

Parts Supplied : 1 x WORX Hull Extensions

- 1 Remove stock hull extensions. Be very careful and patient when taking out screws as they can be
2. Clean all old silicone from hull . Important as the new hull extensions are a close fit and all surfaces need to be clear of all hardened silicone.
3. Fit the Worx hull extensions.
4. Wipe off excess silicone with a damp cloth. Allow 6-6 hours for the silicone to cure before riding
- 5 Regularly cheque that all bolts are tight

Thank you for purchasing **Worx Racing Components** products. We believe that **Worx Racing Components** products are among the finest watercraft parts available.

A great deal of time and effort has gone into the design and development of this product to ensure that it will perform to the highest standard and that installation will be a relatively straight forward procedure. If you have any comments on the performance/or installation of our parts, please contact us on the numbers listed on page one or through your local dealer.

**Note:** Please check with your governing body for eligibility for your class of racing.
