INSTALLATION INSTRUCTIONS

PART NUMBER WR519 WORX RACE SPONSONS
KAWASAKI ULTRA 150

IMPORTANT : **READ ALL INSTRUCTIONS BEFORE PROCEEDING WITH
INSTALLATION**

Tools necessary for installation :

Large Phillips (star) screwdriver
1 x Tube of silicone

Parts Supplied :

2 x **Worx** adjustable Sponsons
2 x Side rails
2 x 20mm x 6mm Round head bolts
6 x 40mm x 6mm Round head bolts
8 x Flat washers

1. Remove stock sponsons hull. and clean hull removing any old silicone from hull and threaded inserts, make sure that you remove all of the silicone on the hull surface, use a sharp knife blade and wipe off any residue with gasoline.
2. Fill threaded inserts with silicone and apply a bead of silicone around edges of side rails. Rails are shaped to fit the angle of the hull make sure that the cut away end faces forward.
3. Fit a 20mm bolt and flat washer to block off the front mounting hole on each side of the hull, as only the four rear holes will be used.
4. Fit side rails and sponsons to hull using the remaining 40mm x 6mm bolts and flat washers. The bolts go through both the sponsons and side rails.

Cont. P T O

5 Wipe off excess silicone with a damp cloth . Allow 4-6 hours for the silicone to cure before going riding. To adjust sponsons remove bolts, (silicone will hold the side rails in place) adjust sponsons to suit your riding style

- First set of holes to suit novice and recreational riders
- Second set of holes recommended for experienced riders and racers.

7 Re check that the bolts holding the sponsons onto the side rails are tight after 15 minutes riding When you have decided which position best suits your riding style it is recommended that you apply red loctite to the bolts to ensure that they do not work loose , regularly check that the bolts are tight.

8. Warning : These sponsons will vastly improve the turning capability of your boat take time to get used to them before you attempt any hard cornering.

Thank you for purchasing **Worx Racing Components** products. We believe that **Worx Racing Components** products are among the finest watercraft parts available.

A great deal of time and effort has gone into the design and development of this product to ensure that it will perform to the highest standard and that installation will be a relatively straight forward procedure. If you have any comments on the performance/or installation of our parts, please contact us on the numbers listed on page one or through your local dealer.

Note: Please check with your governing body for eligibility for your class of racing
